WELTY WOULDN'T SAY

When That Electric Road Would Be Extended to Coshocton.

NEW PHILADELPHIA COUNCIL

Wanted to Know—Be Proposed to Build It To That Point and Making a Loop Allow Cars To Return To The North.

The electric line in course of construction between Canal Dover and Canton may not be extended south to Coshocton this year. In fact the company does not seem inclined in that direction. But that is no disappointment to Coshocton. It has heard of electric line projects before and will believe we are to have one only when the work is actually being done.

Attorney John C. Welty, of Canton, who is securing the right of way and franchises for the company appeared before the council of New Philadelphia and asked a franchise. He wanted streets that would allow his company to enter the public square and making a loop send cars to the north.

Councilman Grimes asked Mr. Welty whether it was not the purpose of the company to build the road south of that city, and if a bond would be put up to that effect. Mr. Welty said that the company was just as anxious to extend the road south as the council was to have them do so, but for the present they could not see their way clear to build the road further than the public square, and make the loop as suggested, and that he had no authority to make promises as to when the road would be extended south of New Philadelphia.

In this connection, however, it is interesting to know that Columbus newspapers have reported the presence in that city of interurban officials who are making arrangements to run cars from Newark through to Springfield over the Buckeye Lake and the Springfield line. When the line from New Philadelphia to the north is in operation the gap between that point and Newark will become more noticeable than ever. Then Coshocton may have its heart's desire.

A City of Shade Trees.

Coshocton was never prettier than it is at present, and strangers coming to the city comment with enthusiasm on the beauty of the city.

"There is no prettier city in all Ohio," said a traveler as he stood near Courthouse park and looked about him. "I have been around over your town today, and I don't know when I ever saw finer and prettier trees. Coshocton is clean, too, and with all this bright green foliage presents a picture that does one good to look upon. It is a relief after the barrenness of so many towns one is compelled to visit."

Some Bad Sidewalks.

While some property owners are improving the pleasant weather by putting in new sidewalks others are doing nothing and compaints are heard every day. In the business section the sidewalks are of the best, broad and even, but on some residence streets they are an abomination. The price of brick, it is stated, has prevented some property owners from making the improvement required by the public, but there are some sections where the work should be done before the summer has passed. Some sidewalks have for years been annoying evidences of some one's neglect.

Big Alley Making a Record.

The warwhoop of the Indians failed to strike terror to the ball tossers of Big Alley at Riverside park Thursday afternoon, and the pale faces won the game with ease. The score was 18 to 2, and the Indians found little consolation in that duce.

Beany Prince was at his best and played with old time vim and vigor, while Earl Smith distinguished himself by a splendid catch and a home run. The team may try it again, but Big Alley is proud of its victories and claims it wants only the best in the market.

The Law on Poisons.

Secretary Geyer of the state board of pharmacy, gives warning that all grocers who sell rat, roach and other poisons will hereafter be rigorously prosecuted. The penalty is $20 to $100 or imprisonment or both. Recently manufacturers of the poison have been dealing directly with grocers, and the trade has greately increased. The law provides that no poisons must be sold except by a regular pharmacist and that a register must be kept.

Masons In Wheeling.

St. Bernard commandery, Knights Templars, of Chrichsville, has accepted an invitation to attend the West Virginia state conclave at Wheeling. The members of the commandery will leave for Wheeling Wednesday morning, May 14, and will be accompanied by the Amphion band. A number of the commandery's members are prominent Coshocton Masons.

Juvenile Commencement.

The juvenile commencement of the Roscoe public schools attracted a large attendance to the M. E. church Thursday evening. An excellent program had been prepared and was passed through without a break, the little ones winning the enthusiastic applause of the audience.

Memorial Day Excursions.

Excursion tickets will be sold via W. & L. E. railroad account Memorial day, May 29 and 30, good returning May 31, one and one-third fare for round trip. daw 5-29

ANOTHER WABASH GAIN.

The Wheeling Makes Another Important Traffic Arrangement.

The annual meeting of the stockholders of the Wheeling & Lake Erie Railroad company was held at Cleveland. The board of directors were authorized to purchase or lease the property of the Chagrin Falls & Lake Erie Railroad company. A traffic and trackage agreement between the Wabash company, the Wheeling & Lake Erie and Pittsburg, Carnegie & Western road was also made for the interchange of traffic. Edwin Gould, Winslow S. Pierce and Alvin W. Krech, of New York, Joseph Ramsey, Jr., St. Louis, and H. P. Mackintosh, of Cleveland, were reelected directors for three years. Eighty per cent of the company's stock was represented.

Meat Markets to Close.

The butchers have decided to close their places of business every night in the week at 7 o'clock except Monday and Saturday when they remain open as do the other stores of the city. The move is in accordance with the desire for early closing, and means that all branches of retail business in the city will now close early.

INCREASED ITS VALUE

Auditors Appraise the Pan Handle For Taxation.

TRACK DIVIDED INTO SECTIONS

With The Portion Passing Through Coshocton County Man an Important Part of Appraisement.

Auditor Lamberson is home from Columbus where the property of the Pan Handle railroad was appraised for taxation purposes by the auditors of the counties in which the trackage is situated. Some of the valuations made are an increase over those of last year.

The rolling stock was appraised at the same value as last year, $4,200 per mile; the appraisement of the tools, machinery, etc., was left at $1,200 and the appraisement of its machinery was left as returned by the company. The trackage was appraised as follows:

Main track—Steubenville to Newark, raised from $25,000 to $27,500 per mile; Cadiz branch, left at $7,000; undivided half between Columbus and Newark, raised from $12,500 to $13,750; Richmond division raised from $12,000 to $13,250; Indianapolis division, raised from $16,000 to $17,500.

Second tracks — East of Newark, same as last year, $6,500; between Newark and Columbus (undivided half) same as last year, $3,250; Indianapolis division, same as last year, $6,000; all sidetracks except between Columbus and Newark, $3,500, same as before; undivided half between Columbus and Newark, $1,750, same as before.

The auditors of the counties through which the Wheeling & Lake Erie passes will appraise the company's property at Cleveland May 22, and the Walhonding Valley will be appraised at Toledo May 27.

TO REBUILD THE MILL.

Work on The Bachert Plant at Newark Will Be Commenced Soon.

According to the Newark Advocate the paper mill destroyed by fire at that place Tuesday night will be rebuilt. It says:

"Work of rebuilding the paper mill will commence just as soon as the insurance is adjusted. The management is now waiting for the adjusters to arrive and straighten matters up, the work will then be pushed to completion.

"It now develops that the company will receive more insurance than was at first thought. Mr. F. B. Silk, son of John Silk, president of the paper company, of Massillon, was in the city on Thursday and will remain until the losses are adjusted.

"Last Saturday Mr. Bachert, the manager, took out a policy of $2,000, to take the place of another policy for that amount, which he intended to drop, as the rate in that company had been increased. The policy held good until 12 o'clock the day after the fire, so that both policies are good. It was also learned that Mr. Silk had taken out an additional policy for $4,500 so that the total insurance will reach $16,000, $2,000 being on engines and boilers which were not damaged."

JUDICIAL CONVENTION.

Democrats Will Nominate Candidate For Circuit Judge at Newark.

The committee appointed to select the time and place for holding the Democratic circuit court judicial convention met in the office of Attorney Robert W. Howard in Newark and fixed that city as the place and June 17 as the time for holding the judicial convention. Hon. Edward Kibler will be temporary chairman, and Attorney Eugene T. O'Neil, of Zanesville, temporary secretary of the convention. A successor to Judge Douglass, of Mansfield, is to be elected next fall.

COVER YOUR FLOWERS.

Frost is Promised by the Weather Man for Tonight.

The weather man promises frost for tonight, and the careful housewife who likes flowers will do well to cover her budding plants.

The cold wave, even though the sun is warm and the skies clear during the day, has been expected for several days, but it is believed it will not be severe for this season.

Crop Conditions.

The crop bulletin for the week says the showers and warm weather have been of great value to wheat and shows an improvement in all sections of the state. The crop is less promising in the northwestern counties. Chinch bugs are reported at work in two counties and the Hessian fly in one county.

Early sown oats are coming up very well. Barley is doing very well. Rye is in good condition. Reports indicate a large acreage. Early potatoes are nearly all planted and are coming up well.

Fast Time on the Wheeling.

The new schedule announced for the Wheeling has been made with a view to shortening the schedule on this division, "bumping it up" as railroad men style it. The trains between Zanesville and Cleveland will make much better time, almost half an hour in some instances, the argument being advanced that roadbed and equipment are reaching that point where faster time cannot only be made in safety, but it is a necessity.

RIGHT AT HOME.

Town Topics and All Kinds of Local Happenings Told in Brief.

—The Gray Hardware Company.

—Mrs. William Bell is ill at her home on Main.

—Seth M. Snyder is moving into his residence on Mulberry. It has recently been improved and remodeled.

—It always pays to advertise in THE AGE. Even a lost glove is found through a notice in this newspaper.

—The Great Eastern band of New Philadelphia passed through the city on No. 6 Thursday enroute from Lancaster home.

—The Alumni association will meet this evening at the home of Miss Lucy Beach on North Fourth to arrange for the reception of the class of '02.

—A meeting of the Gentlemen's Driving club will be held Tuesday evening when business connected with the last races will be transacted.

—The ladies of the Church of the Sacred Heart held a coffeecake social at the residence of Mrs. Rogers the other evening and cleared $21.

—Ascension day was observed at the Church of the Sacred Heart. Rev. Father Synon conducted three services. The attendance was large.

—Albert Conrad, a well known carpenter of the Bloomfield neighborhood, has moved his family to Coshocton. They will reside on South Tenth.

—Rev. H. M. Weische, of Chicago, is the new pastor of the German Lutheran church. He will also have charge of the churches at Chili and Halifax.

—George A. Hay and family have moved into the Hay homestead on North Sixth and Mrs. Kate Bostwick has moved into the residence on Cherry formerly occupied by Mr. Hay.

—The towns around Coshocton are having a circus almost every day, but for some reason this town is not on the list. Not even an inquiry has been sent here by circus managers.

—Workmen in the employ of the water department have been flushing the fire hydrants this week. The work is done at night and marks the end of spring cleaning for the department.

—The Grand Army men who attended the encampment at Lancaster have returned home. They enjoyed the encampment, and praise the people of Lancaster for their splendid hospitality.

—The funeral of the late George Clark took place this afternoon and was largely attended. The United Mine Workers and Knights of Pythias of which he was a member, were present in large numbers.

—Al Skinner is showing his friends a handsome booklet descriptive of Rock Spring the delightful resort at Chester where he is the Pan Handle agent. He thinks the business men's excursion should go to Rock Spring this year.

—The senate has made a law of Speaker McKinnon's bill, providing that the flag that was displayed over the Ohio building at the Buffalo exposition shall be the official flag of Ohio. The flag has been described in THE AGE.

District Endeavor Convention.

The district conference and Christian Endeavor convention of the Zanesville district of the Muskingum conference of the Methodist Protestant church will convene Tuesday, May 27, in the M. P. church in Zanesville.

The convention will continue May 27, 28 and 29. A fine program has been arranged and a number of excellent speakers will make addresses.

Prof. Wolf, of West Lafayette, will deliver an address on "West Lafayette College and Its Relation to the Church."

More Pensions.

Squire Wimmer was the attorney in two successful pension cases this week.

Jesse Alexander, K Company, Fifth Ohio, was granted a pension of $10 a month dating from Oct. 31, 1900. John G. Barker, who served in K company of the Third Ohio, had his pension increased from $10 to $12 a month. The increase became effective Oct. 2, 1901.

New Uniforms.

Pan Handle passenger trainmen have been notified by the officers of this division that they are expected to appear in summer uniform Sunday, May 18. There will be no change in the uniforms, the sack coat and comfortably shaped trousers of blue being the regulation suit. The cloth is of lighter weight and the caps canvas as heretofore.

Great White Diamond.

Among the many sensational effects which Mr. Walter Fessler has introduced into his new play, "The Great White Diamond" which will be produced at the opera house tonight, are the "Swing for Life," and the "Human Mail Bag." This is the second season of the "Great White Diamond," and a remarkably successful one too. 1t

NEW BOARD OF HEALTH

Will Probably be Appointed by Council Tuesday Evening.

THE VILLAGE BOARD IS DEAD

According to Some Members and Six Appointments Are to be Made Instead of Two.

Members of council have been looking into the legal standing of the board of health with the result that some councilmen believe the present organization has no legal standing and an entire new board must be appointed.

The question was raised at the last meeting of council and the law has been carefully examined. The statement is made that when Coshocton became a city all village officers resigned and it was the duty of the proper authorities to fill their places. The terms of two members of the board would have expired this year, and now it is held that all went out when the change was made. This would make any acts of the board illegal, unless they could be continued in office until their successors had been appointed and qualified.

"Council will probably take up the board of health question at the meeting Tuesday evening, and I think an entire new board will be chosen," said a leading councilman to THE AGE this morning. "I think the whole village government went out with the change and council should fill all vacancies."

Arguing on this line comes the statement that the board of water trustees is also out of office, as are cemetery trustees, but no formal opinion has been rendered. Should the law apply to these boards Water Works Trustee Walker and Cemetery Trustee Hart would be the only members of the boards in office. They were elected at the last municipal election.

DR. ALICE SNYDER HONORED.

She Has Been Invited to Lecture on Physiology and Hygiene at Chautauqua.

Dr. Alice Snyder has been invited to deliver the course of lectures on physiology hygiene at Chautauqua during the coming summer. She has been asked to fill the place of Doctor Mosher, who will go abroad for the season.

This is but one of many honors extended to Doctor Snyder, whose Coshocton friends feel she deserves all that can come to her. She has already gained a notable place in her profession at Ann Arbor, Mich., where she is a professor in the university, and that her name will become very well known in the country is certainly her due.

Doctor Snyder has not decided whether she will accept the position because of her mother's health, but if Mrs. Snyder improves she will send a favorable reply to the management.

ANOTHER CAUCUS.

Council Will Meet in Solicitor McDowell's Office This Evening.

A caucus of council will be held in the office of Solicitor McDowell this evening. It has been called for the purpose of considering matters in connection with the proposed overhead crossing at the Pan Handle in the lower part of the city. The caucus will be informal, and no business will be transacted. The members of council will go over the mater in hand in an informal way and reach a conclusion.

Special Meeting of Epworth League.

A special meeting of the Epworth League has been called for this evening at Grace church. All members are expected to be present as it is a business meeting and important matters are to be disposed of.

Frank Klinger purchased the Samuel McCullough property on North Tenth street. Doctor Bendure made the sale.

Notice.

TOWN DESTROYED

By Volcanic Action In Martinique. Hundreds Killed.

St. Thomas, D. W. I., May 9.—The town of St. Pierre, Martinique, has been totally destroyed by volcanic disturbances in the island. Such is the intelligence brought to St. Lucia by the British steamer Roddam. Captain Freeman. Almost all the inhabitants of St. Pierre are said to have been killed. The Roddam reports that all the shipping in the port has been destroyed. The Quebec Steamship company's steamer Roraima is mentioned as lost with all on board. The Roddam was almost completely wrecked. Her captain was seriously burned and 17 of her crew are dead.

The steamer Roraima, Captain Muggah, left New York April 26 for St. Thomas, where she arrived May 2. From St. Thomas she proceeded for St. Croix, Dominica, etc.

People Panic-Stricken.

Washington, May 9.—United States Consul Ayme cabled the state department from Guadeloupe that great consternation prevails in that locality in consequence of earthquakes and volcanic activity. Loud noises are heard continually, which are ascribed to volcanic action. Telegraphic communication with Martinique is broken in every direction. He says he is informed that many hundreds of people have been killed in and about Martinique.

Engagement Imminent.

Colon, Colombia, May 9.—Government gunboats with Generals Castro and Jeffries on board left Panama last Monday for a cruise along the coast and news of an engagement between them and the insurgent vessel is expected momentarily. The situation on the isthmus remains without change. The government has a large force both here and at Panama. The United States cruiser Philadelphia and the French cruiser Admiral Protet are at Panama, while the United States gunboat Machias is here.

Developments In Taylor Case.

Cincinnati, May 9.—Prosecuting Attorney Hoffheimer appointed Detective George W. Ryan of this city as agent of the state to go to Italy to bring back Miss Clara Taylor, who is under indictment here for kidnaping Margaret Taylor. Prosecutor Hoffheimer withdrew the appointment of Samuel Assur, not confirmed by Governor Nash. Ryan's appointment is subject to confirmation. Governor Nash suggested Cal Crim, also a Cincinnati detective, who but recently recovered from serious wounds, having been shot while making an arrest.

Surgeon Weber.

Cleveland, May 9.—Dr. Gustave E. Weber, one of the best known surgeons in this city and throughout the state, was stricken with paralysis while attending a banquet given in his honor by the Cleveland Medical association at the University club. His right side is said to be entirely affected and his condition critical. Dr. Weber was United States consul at Nuremberg, by appointment of President McKinley.

Charge Against a Physician.

Vincennes, Ind., May 9.—Dr. J. N. McCoy, a prominent physician and Republican politician, is under arrest on the charge of having taken patients from quarantine and voting them at the city election. Dr. McCoy is adjutant of the First regiment, Indiana national guard, and his arrest caused a sensation. The arrest was made under instructions from Secretary Beckes of the board of health.

Whooping Cough.

A woman who has had experience with this disease tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer our baby being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops."—JESSIE PINKEY HALL, Springville, Ala. This Remedy is for sale at C. E. Anderson's Drug and Book Store, No. 2 Forbes block.

Nerve Slavery

It is present-day conditions—heaping burdens of work upon the nervous system that tells the story—premature breaking up of health.

It tells why so many men and women, who so far as age is concerned, should be in the prime of health, find themselves letting go of the strength, the power, the vitality they once possessed. It is because that great motor power of the body, nerve force, is impaired. Neither will the heart, the brain, the liver, the kidneys, the stomach act right without their proper nerve force supply. Let any organ be lacking in this essential and troubles begin—some of them are:

Throbbing, palpitating heart.
Sleepless nights.
Sudden startings.
Morning languor.
Brain fag.
Inability to work or think.
Exhaustion on exertion.
Flagging appetite.
Digestion slow.
Food heavy.
Easily excited, nervous, irritable.
Strength fails.
Loss of flesh and muscular power.
Settled melancholia.

The above is the genuine package of Dr. A. W. Chase's Nerve Pills, are sold by dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y.

AMENDED AND KILLED

Fate of the Board of Elections Bill In the Senate.

IT FAILED TO PASS BY ONE VOTE

Painter's Canal-Railroad Lease Proposition Laid to Rest Through Decisive Action by the House—Lights at Railroad Crossings—Boards of Review—Ohio General Assembly.

Columbus, May 9.—Senator Patterson's board of elections proposition came up in the senate, was amended, other amendments were defeated, and then the whole bill was defeated, being "shy" one vote. The bill was first amended so as to include Hamilton. Then Senator Longworth moved to amend the bill so as to except Cincinnati from the provisions of the bill. This was defeated. An amendment by Senator Herrick to except Cleveland was defeated. Then the bill was placed upon its passage and received but 16 votes.

The Seese bill, introduced in the house some time ago, to appropriate $1,400 to reimburse the Eighth regiment, O. N. G., for its expenses at the inauguration of President McKinley, was passed by a large majority. This bill is now a law. The Gear cigaret tax bill was killed by postponing the measure indefinitely.

The senate went into committee of the whole for the consideration of protests from several hundred representatives of Ohio towns and cities against the passage of the Jones bill to remove the obligation of the railroad companies to maintain arc lights at street crossings. Nothing was done.

Senator Harding had been appointed to the committee on conference to settle the differences between the house and senate on the general appropriations bill. He refused to accept the place and President Archer appointed Senator Hanna in his stead. The committee consists of Senators Godfrey, Hanna and Hurst. The organization of the conference committee seems to indicate that the senate will probably abandon its amendments to the bill.

The senate concurred in the house amendments to the Longworth board of review bill, and it is now a law. This bill deprives Mayor Johnson of Cleveland, Mayor Jones of Toledo, Mayor Hinkle of Columbus and other Democratic mayors the right to name the city board of review. It provides that upon the application of the county auditor, the state board of appraisers and assessors shall appoint these boards. The counties in which Cleveland, Toledo and Columbus are situated have Republican county auditors.

The senate made a law of Mr. Jones' bill creating the office of car coupler inspector. It allows the inspector a salary of $1,500 a year, and $1,000 for expenses. This cost is to be assessed upon the steam railroads of the state, and the inspector is to be under the state railroad commissioner.

In the House.

The Williams bill, increasing the punishment for the crime of burglary, passed the house. Any one convicted of burglarizing a house which is inhabited is liable to life imprisonment. The Thomas preferred stock bill was also passed. The bill provides that preferred stock shall not be held liable for the debts of the corporation until after the common stock has been consumed.

The Painter canal proposition is dead and gone. The injections agreed upon at the final consultation were administered, but they did not even prolong the agony, and, struggling in the throes of violent death, the bill passed to the uncertain beyond amid circumstances and surroundings decidedly sensational. "He never did like me." "He's sore and he's been that way ever since the organization of this session." These are some of the emphases injected into the arguments of the author of the bill on the floor of the house during the discussion of the canal-railroad lease proposition. They were addressed to Mr. Price of Athens county, but the gentleman from the classic district of the Hocking valley had the votes, and the bill was tabled by a strong and decisive vote, and then, by a vote of 63 to 25, the house refused to reconsider the vote. It is now beyond all hope of recovery.

The Earhart bill, to make it a felony for the cashier or other officer of a state or private bank to receive deposits when they know the bank to be insolvent, was passed without debate.

Chairman Crafts of the finance committee introduced the penitentiary salary bill. The bill has a repealing clause for the 66 hour bill, passed last week and increases the salary of nearly all the officers at the institution.

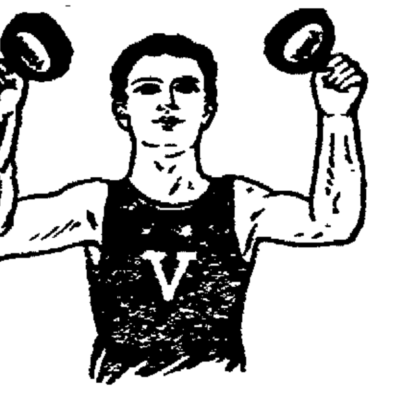

Candy Factories to Combine.

Cincinnati, May 9.—The Confectioners' Review, published in this city, says it is now about settled that there will be a combination of candy factories. There will be about 20 factories, located in the west consolidated into one company and under one management. The consolidation takes in plants where all kinds of candies are made, but the specialty will be the hard or cheaper grades of confections.

Successor to Salmon.

Trenton, N. J., May 9.—Governor Murphy has consulted Attorney General McCarter as to his duty in consequence of the death of Congressman Salmon. The attorney general's opinion has not yet reached the governor, but it is understood that it will advise that the governor's duty is to issue a writ for a special election to fill the vacancy.

Get Strong.

Because we do not want any of our neighbors to drag out a weary, tired and weak existence, we say to all—try Vinol on our guarantee. It is the great health and strength restorer, and we know it will help you.

Vinol Makes you Strong and Vigorous.

"Vinol did me a world of good and I probably owe my life to its wonderful powers. My position as gatherer in a window glass factory requires a great deal of strength and skill. Before taking Vinol I had tried almost everything else but kept losing strength until I was unable to work and had become thoroughly discouraged. I was induced to try Vinol and the results were simply remarkable, for I am now as strong and vigorous as I ever was and am working full time each day, thanks to Vinol."—John Lashley, 503 Windsor Street, Muncie, Ind.

Vinol Cures that Run-Down and Tired Feeling.

"I take the greatest pleasure in recommending to the ladies such a fine toning and strengthening medicine as Vinol. I was not ill enough to call a physician, but just felt run down and always tired. I had no appetite and didn't seem to digest properly what I ate. I have been taking Vinol for about two weeks and feel strong and well. I thoroughly enjoy my meals, and my domestic and social duties which used to fatigue me so are now a source of pleasure. I am a sincere friend of Vinol."—Mrs. G. W. Henry, 205 First Avenue, Joliet, Ill.

Please call and let us tell you more about Vinol.

President of Costa Rica.

San Jose, Costa Rica, May 9.—Asuncion Esquivel was inaugurated president of Costa Rica. He was elected Feb. 17. The country is quiet and no trouble of a revolutionary character is expected. The retiring president of Costa Rica is Rafael Iglesias. He was elected to the office for the second time in November of 1897.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for 14 years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale at C. E. Anderson's Drug and Book Store, No. 2 Furbes block.

BROTHER SLEW HIM.

Paul Leicester Ford, the Novelist, Dead at His Home.

FORMER ALSO TAKES HIS OWN LIFE

Police Claim the Victim's Refusal of Demands For Money Prompted the Double Tragedy, but the Doctors Say Mental Aberration—Sensation at New York.

New York, May 9.—Paul Leicester Ford, the novelist, was shot and killed by his brother, Malcolm Webster Ford writer and athlete, who immediately sent a bullet into his own breast dying instantly. The shooting occurred in the handsome new mansion which Paul Leicester Ford had built at 37 East Seventy-seventh street and had occupied for about a year. At the time of the shooting there were in the house, besides the two brothers Mrs. Paul Leicester Ford, Miss Elizabeth R. Hall, the novelist's secretary, and the servants. Malcolm Ford called, as he had often done, and went to his brother at his desk. Words were exchanged in a tone so that Miss Hall could not hear what was said. Suddenly there was a revolver shot, and Miss Hall, jumping up, darted from the room. Then, according to the statements of the police, Miss Hall said to herself that she must act more bravely, and re-enter the library.

Meanwhile Malcolm Ford had called her. As she turned toward him he placed his revolver to his heart, fired and fell, dying instantly. When Miss Hall turned to look at Paul he was still standing at his desk, but rapidly losing strength. She helped him to a sofa and then ran next door for Mr. Paul Ford's physician, Dr. Emanuel Baruch. A few moments later, about 20 minutes after he was shot, Mr. Ford died.

The bullet which killed Paul Leicester Ford just grazed the top of his heart and passed through a large artery ascending from it. The bullet which killed Malcolm Ford was fired with the same accuracy of aim, for it made a wound scarcely an inch lower than the one which killed his brother. In fact, the wounds were almost identical.

"The cause of Malcolm Ford's action," said Police Captain Brown, "can be explained by inference. For some time his financial affairs have been pressing him and he has repeatedly asked and received material assistance from his brother. It is presumed that his importuning had been such and his demand so excessive that his brother had been forced to refuse further aid." Dr. Baruch said that the murder was a result of temporary mental aberration on the part of Malcolm Ford, due to nervous exhaustion. The double tragedy was not known to the police until six hours after it had occurred.

Paul Leicester Ford was 37 years old, a novelist of much note. "Janice Meredith" being perhaps his most popular novel. He was married about a year ago to Miss Grace Kidder, daughter of Edward E. Kidder of Brooklyn. He was the son of Gordon Lester Ford of Brooklyn, who died 11 years ago and left an estate of some $2,000,000, divided between his children with the exception of Malcolm W., who was disinherited by the will. Mr. Ford is the author of "The Hon. Peter Sterling," "The Great K. & A. Train Robbery," "The True George Washington," etc. He also edited the writings of Thomas Jefferson in 10 volumes, the writings of John Dickinson in three volumes, and numerous other works relating to American history and bibliography. He was a member of the prominent clubs.

Malcolm W. Ford was born in Brooklyn, Feb. 7, 1862. He was educated at the Brooklyn Polytechnic institute. He took up athletics while at school, and for years was the champion amateur sprinter. He was so passionately fond of athletics that he is said to have neglected everything else.

HOPKINS FOR SENATOR.

Action of the Illinois Republican State Convention.

Springfield, Ills., May 9.—The result of the Republican state convention here in Machinery hall was a decisive victory for the state administration, and what is known as the "Yates-Hopkins-Lorimer-Northcott combination." The convention indorsed the candidacy of Congressman Albert J. Hopkins of Aurora for United States senator by a vote of 1,015½ to 492½. The fight against the indorsement was led by Judge L. C. Sherman, former speaker of the house of representatives. The convention named Fred A. Busse of Chicago for state treasurer, Chris Mamer of Chicago for clerk of the supreme court, and Alfred Bayliss of Streator for superintendent of public instruction.

Fierce Fire at a Reformatory.

Bloomington, Ills., May 9.—The northeast cell block of the state reformatory at Pontiac was destroyed by fire, entailing a loss of $200,000. The hundred inmates were locked in the cell block but were quickly transferred to the south cell block. The origin of the fire is charged to inmates of the reformatory.

Miners Strike.

FALSE TALE NAILED.

Vest on the Historic Conference at Hampton Roads.

SAYS LINCOLN WAS MISQUOTED.

Missouri Senator Asserts the Civil War President Did Not Urge the South's Representatives to Name Peace Terms—Continuation of the Debate on the Philippines.

Washington, May 9.—In the senate Mr. Vest (Mo.) called attention to the statement of Mr. Tillman, made Wednesday, that at the historic conference in Hampton Roads in 1864 between President Lincoln, William Seward, secretary of state; Alexander Stephens, vice president of the Confederate states; R. F. Hunter, former United States senator, and John A. Campbell, formerly justice of the United States supreme court, President Lincoln wrote upon a piece of paper, "Save the Union," then handing it to Stephens, said: "Alex, take this paper and fill up for yourselves the conditions of peace between the two countries."

Mr. Vest said the story had been denied by John H. Reagan of Texas, who was the last surviving member of the Confederate cabinet. He knew personally, said Mr. Vest, without having been present at the celebrated interview, that the incident was without the slightest foundation. "If true," said he, "it would place the government and officers of the Confederate states in the category of criminals, because it offered the Confederacy all that it ever demanded in the wildest hope of the most extreme partisans of that cause if they would only return to the Union."

"I am today the only surviving member of the 26 gentlemen who acted as Confederate senators," he said. Mr. Vest then stated that what did happen at Hampton Roads, beyond question, was this: Mr. Hunter, addressing President Lincoln, said: "Mr. President, we are instructed to consider no proposition that does not involve the independence of the Confederate States of America." "Then," said Mr. Lincoln, "the interview had as well terminate now, for I must say to you gentlemen, frankly and honestly, that nothing will be accepted from the government at Richmond except absolute and unconditional surrender." Mr. Vest said that this terminated the interview. "This account of that interview," concluded Mr. Vest, "substantially and almost word for word as I have given it, came to me from Mr. Stephens and Mr. Hunter."

Discussion of the Philippines government bill was continued. Mr. Burton (Kan.) referred as instances of atrocious cruelty to the battle of Wounded Knee, to the Mountain Meadow massacre and to the massacre of union soldiers at Fort Pillow, and contended that the action of the American troops in the Philippines was, in most instances, entirely within the regulations of civilized warfare. Mr. Carmack delivered a scathing denunciation of the conduct of military operations in the Philippines, and denounced General Smith, branding him as "scoundrel" and "murderer," who had dishonored the American army and had done nothing but butcher a whole people. In a sarcastic response Mr. Dollivar (Ia.) arraigned Mr. Carmack.

In the House.

Washington, May 9. — The bill to place three new stars in the American flag had the right of way again in the house. The feature of the debate was an extended speech by Mr. Grosvenor (O.) in opposition to the measure. An amendment offered by Mr. McRae to consolidate the territories of Oklahoma and Indian Territory was defeated by 57 to 103. An amendment was offered by Mr. Overstreet (Ind.) to consolidate Arizona and New Mexico and admit them as the state of Montezuma. The only amendment adopted was one providing that nothing in the act should be construed to legalize polygamy. During the day a resolution expressive of the regret of the house over the death of Rear Admiral Sampson was adopted.

Minority on Financial Bill.

Washington, May 9.—The Democratic members on the house committee on banking and currency filed two minority reports on the comprehensive financial bill reported by the Republican members of that committee. One of these reports, signed by Messrs Talbert, Thayer, Lewis, Pugsley and Padgett, makes a detailed opposition to the measure on the ground that it is unwise. The other minority report by Mr. Bartlett of Georgia makes a broad opposition to the bill on the ground that it is only another move toward fixing the gold standard permanently upon the country.

Mail Destroyed.

Washington, May 9.—The reports to the postoffice department show that in the railroad wreck near Flagstaff, A. T., on the Santa Fe road, the entire mail carried on the wrecked train was destroyed. This mail came from southern and central California, and was destined for points east and south of Albuquerque.

Firemen Crushed.

Dubuque, Ia., May 9.—Three city firemen were crushed to death and another man was badly injured by a falling wall in a fire at the Iowa Iron works. The dead: Frank Ganaghl, captain of the chemical company; John Fitzpatrick, truckman; Charles Wise, truckman. John McPoland was seriously injured, both legs being broken and crushed.

Is the Report That Anthracite Operators Will Not Arbitrate

Scranton Pa., May 9—A telegram has been received here through a private source that Senator Mark Hanna had unequivocally declared that the report that arbitration had been refused by the operators was not true. One of the telegrams from the miners proposing arbitration was received by Senator Hanna. He communicated by wire with the operators as to what they proposed to do about the matter and had not yet received a reply. It is the prevailing opinion here that unless the operators agree to arbitration or make some counter-proposition which will contain a substantial concession, the committee of miners will declare a strike.

President Mitchell issued the following: "The executive committees of the anthracite mine workers' organization have proposed that all questions at issue between themselves and anthracite coal mine operators be submitted to an impartial board of arbitration, such board to be selected by the industrial branch of the National Civic Federation. This proposition has been submitted to the operators by wire."

Declared a Lockout.

Omaha, May 9.—A telegram was received by the local head of the molders' union stating that the shutting down of the Union Pacific foundry here has been declared a lockout by the executive board of the national body, and that the union molders all over the country will be instructed not to work on castings for that company. The Union Pacific is having its castings made at the Featherstone foundry in Chicago, and that company is expected to be first affected.

Hebrew Sabbath.

New Orleans, May 9.—The conference of American rabbis devoted another session to the Sabbath question. The question is not whether Sunday should be substituted for Saturday, but how to secure a more general observance of the Jewish Sabbath. The advisability of Sunday lecturers was a part of the discussion. The result will be the appointment of a commission of three to devise a uniform movement to be debated at the next conference.

Beef Trust In Grand Jury.

St. Louis, May 9.—The beef trust is now under investigation by the St. Louis grand jury. Following the revelation at Jefferson City that diseased meat is sold, Circuit Attorney Folk presented the subject to the grand jury. He announces that he will subpoena all the witnesses who testified at Jefferson City and all other persons whom he can find that know anything about the operations of the beef companies.

Cuban Military Camp.

Havana, May 9.—Under a recent order issued by Governor Wood, the land occupied by Camp Columbia at Marianao, six miles from Havana, has been purchased as a permanent military camp for the use of the forces of the future Cuban republic. All the buildings at Camp Columbia are to remain intact. In 1899 Camp Columbia was the principal station of the American soldiers near Havana.

MINDANAO QUIET.

No Hostile Shots Fired Since the Escape of the Moros.

Washington, May 9.—The following advice relative to the situation in Mindanao has been received at the war department from General Chaffee, under date of Manila, May 8: "Following from Brigadier Gen. A. G. W. Davis May 6: 'Situation every way satisfactory. No hostile shot has been fired since escape of prisoners from guard. Would be exceedingly easy for Moros to climb bluff and cut our telegraph traversing shore of lake four or five miles, not molested. At 2 o'clock Rinim Tampanga of Turberan and delegation presented themselves. Sultan Genassi says Datto Paygoag was killed at Bayan fort and his people dead or dispersed. Will investigate, but doubt which report. Number of prisoners escaped probably not exceeding 25. Ten have been recaptured unhurt. For miles about the country is much the same in its natural aspect as Camp Meade, Pa. Enormous agricultural facilities. All wounded doing well. Lieutenant Jossman seriously hurt.'"

Private Richter's Death.

Washington, May 9.—George B. Davis, judge advocate general of the army has made a report to the adjutant general concerning the death of Private Edward C. Richter, Company I, Twenty-eighth infantry, which occurred at Dasmarinos, Philippine Islands. Richter enlisted at Syracuse, N. Y. The facts show that Richter was boisterous and intoxicated, calling Lieutenant Sinclair vile names. As he resisted arrest he was tied, and as his profane language continued, cold water was dashed into his face. As he continued abusing, Richter was gagged, a cloth being held over his head, which was removed from time to time to allow the prisoner to vomit. Five minutes afterward he was in his cot. He was breathing when he was laid on the cot. Two pails full of cold water were thrown upon him. An hour afterward he was found dead. A courtmartial was ordered, but the proceedings have not yet reached the department.
